I am well aware that it has been the intention of Government for some time to establish a Government English & Kannada school in Madras. I do not wish to make any appearance of working Government in such matters & I shall be very glad if it is decided by Government to establish such school & hand over the school that I am now carrying on. So that if you intend to take any steps in the matter I shall be glad to know that you intend to do so as then can carry on no more in Madras for this English-Kannada school.

SUBJECT No 323

English Clerk for Malur

THE attention of The Inspector-General of Education in Mysore is drawn to Subject No 323 of the Dasara Representative Assembly Proceedings of 1894 and he is requested to be good enough to report how the subject has been disposed of by him

The proposal is desirable and will therefore be entertained in the Education Dept. It would perhaps be wise policy on the part of the Mission Concerned to employ the Head masters at some other Station where his relations with the local Community would be less strained
